### How to Count

- Count all bicyclists passing through the intersection.
- Place a tick mark in the grid "lane" that indicates the rider's direction of travel (straight, left turn, or right turn).
- **For all riders:** Make a tick mark in the male or female column of the grid.
- **For Sidewalk riders:** Circle the tick mark for riders on the sidewalk.
- Count the number of **people** on the bicycle, not the number of bicycles.
- With regard to gender, make your best guess if you're not sure.
- Count for two hours in 15 minute increments. Use a separate grid section for each increment.
